The **Codebook** is a complete list of all the questions coded in a legal dataset. It includes:

- The question type
- The variable name (for comparison with the data file)
- The variable values, and their labels

Questions	
Question 1:	Does state law specifically address youth sports TBIs?
Question Type:	Categorical - mutually exclusive
Variable Name:	SCAnyLaw
Variable Values:	1, 2
Value Label:	1 = Yes
Value Label:	2 = No
Question 2:	Does the law require a student athlete with a suspected TBI to be removed from play?
Question Type:	Categorical - mutually exclusive
Variable Name:	SCRemoval
Variable Values:	1, 2
Value Label:	1 = Yes
Value Label:	2 = No
Question 3:	Must the parent or guardian be notified of the suspected or diagnosed TBI?
Question Type:	Categorical - mutually exclusive
Variable Name:	SCParNotf
Variable Values:	1, 2
Value Label:	1 = Yes
Value Label:	2 = No

End Product: Legal Data for Evaluation

Translational dissemination: LawAtlas.org

GOALS OF LAWATLAS.ORG

- Democratize access to the law
- Support quality research through open access data

Opportunities for Redesign

- Datasets should be easier to find
- Explore the data in more complex ways
- How are data being used?
- Share discoveries more easily

Finding the data

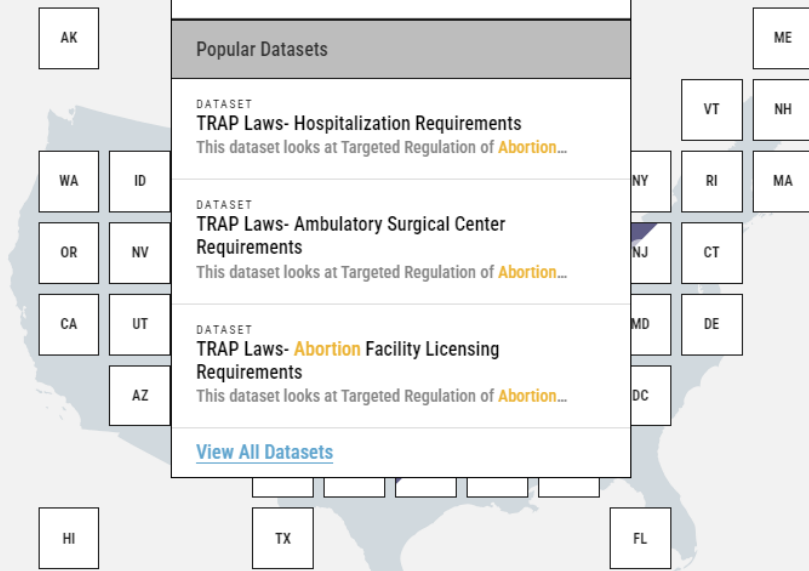

- Dynamic “work horse” home page
- Improved, intuitive search
- Detailed library
